

24 HOUR EMERGENCY ASSISTANCE AND MEDICAL SERVICE

You must contact the 24 hour emergency medical service as shown on the schedule of cover in the event of an illness or accident which may lead to in-patient hospital treatment or before any arrangements are made for repatriation; or in the event of curtailment necessitating your early return home. The service operates 24 hours a day, 365 days a year for advice, assistance, making arrangements for hospital admission, repatriation (returning you to your home area) and authorisation of medical expenses. If this is not possible because the condition requires emergency treatment you must contact 24 hour emergency medical service as soon as possible. Private medical treatment is not covered in countries where reciprocal health agreements entitle you to benefit from public health care arrangements unless authorised specifically by the 24 hour emergency medical service.

The 24 hour emergency medical service will also arrange transport home when this is considered to be medically necessary or when you are told about the illness or death of a close relative or a close business associate at home.

Payment for medical treatment abroad If you are admitted to a hospital/clinic while abroad, the 24 hour emergency medical service will arrange for medical expenses, covered by the insurance, to be paid direct to the hospital/clinic. To take advantage of this benefit someone must contact the 24 hour emergency medical service for you as soon as possible. For out-patient treatment costing less than £200, you should pay the hospital/clinic yourself and claim back medical expenses from us on your return to your home area. Beware of requests for you to sign for excessive treatment or charges. If you are in doubt, please call the 24 hour emergency medical service for guidance and authorisation of costs.
